

Frank Young

Dynasty Marine Associates, Inc
Marathon, FL

Frank graduated from the University of Florida in 2007 and is the current COO of Dynasty Marine Associates, Inc. Dynasty Marine is the leading supplier for sustainably collected Caribbean marine life for public aquariums around the world. In his capacity at Dynasty, he manages day to day operations, sales, and transportation logistics for the animals. He has organized and participated in leading the first air transportations of numerous iconic species such as *Mobula hypostoma*, *Thunnus atlanticus*, and *Sphyrna lewini*. He continues to strive for advancements in live elasmobranch and teleost transportation to ensure their safe arrivals.
